## C.G.I.T. Girls Entertain "Mothers"

The informal gathering of "mothers and daughters" sponsored by the C.G.I.T. at the Knox Church on Monday evening, was a delightful affair.

An excellent program was given by the girls, under the chairmanship of Dr. Fawcett, in which the following took part:

Piano duet, Joyce Buhr and Pauline Bowman. Recitation by Jean Rennie; vocal solo, Betty Bowman; trio, Betty Bowman, Reta Mae Fawcett and Dorothy Buhr; piano duet, Reta Mae Fawcett and Dorothy Buhr; piano solo, Betty Klinck; vocal duet, Irene Sinclair and Joyce Topley.

A short talk, "A Date," was given by the leader, Mrs. C. McLaughlin, and the evening was climaxed by a camp fire scene, "by a Roman Camp Fire" in which all the girls took part.

Mrs. Collins, an accompanist, and Mrs. Peterson, associate leader, also assisted with the program.

Flowers were presented to each of the "Mothers" by the girls, after which a bountiful supper was served at which eighty two partook, closing a very enjoyable evening.

## Win Scholarships.

Two Didsbury student, who have been attending the University of Alberta, were successful in winning scholarships during the term.

In Arts and Science, Don Mortimer won the Edmonton B'nai B'rith Scholarship, while in Greek, Arthur Boorman shared in the Arthur Scholarship.

All business houses will be open all day on Wednesday.

## Creditable Display Of Model Aircraft

The model aircraft display in the window of Berscht's store this week is attracting considerable attention. These models are the product of the Didsbury School General Shop and are a splendid sample of work done under the direction of the instructor, Mr. Flanagan.

The display is a conventional airport with runways, hangar, beacon and wind sock over which is hovering a flock of model aircraft. The beacon tower, which came in for a lot of attention, is fitted with a revolving electric light and was constructed by Clayton Johnson.

The model aircraft, which are exact copies of various British, United States, German and Japanese planes, are built to scale and 1-18 of the size of the actual planes. They are precision built and no variation from the scale is allowed.

The models have a practical objective and will be used in aircraft recognition classes and in target sighting practice. One unit of models will be used in the local airfield squadron, and by the end of the term it is expected to have three more units completed to be handed over to be used by their older brothers in the airforce.

A number of models have already been sent to the No. 41 Equipment Depot at Calgary. They were declared satisfactory and are now in use.

The boys of the class are to be complimented on their work and the swing of the shop from conventional wood work to model aircraft building has been a distinct war effort.

According to Mr. Flanagan, the boys have co-operated splendidly.

## Obituary.

Born in Germany November 22, 1869, he came to Didsbury in 1912, and has since resided here.

He is survived by one brother, Martin, of Calgary, and six nephews: August, Otto and Emil Krebs, of Didsbury, also Emil, Otto and Ervine Bartz, all of Didsbury; and three nieces, Mrs. Ed. Jans, Mrs. J. Falkmann and Mrs. D. Levagood, all of Didsbury.

The funeral was held on Tuesday at the Lutheran Church, and the interment at Didsbury cemetery.

## Exceeds Quota in Victory Loan.

It afforded the local Victory Loan committee a great deal of satisfaction when, on Friday last, they were able to report that this district had reached its quota of \$72,000 and had again gone over the top.

When it was realized last week that there was a danger of not reaching the objective many who had already bought increased their purchases, and the last two days brought in many new subscribers.

At the close of business on Saturday night, with 381 applications, the total bonds sold here amount to \$80,950.00.

The canvassers wish to express their appreciation for the courtesy they received from everyone they came in contact with throughout the district.

## Didsbury Air Cadets Presented With Ensign

The early part of this week was quite an event in the life of the Didsbury Air Cadets, when they made their first appearance in public inspection and parade.

On Sunday evening, in commemoration of Empire Youth Day, they paraded, in command of P.O. A. W. Reiber, to the Zion Evangelical church when the Rev. A. M. Amacher conducted the service.

On Monday morning the first official inspection and the presentation of the ensign took place at the school grounds.

Major C. E. McLean, which numbers thirty cadets, was at full strength when the inspection was made by Flt. Lieut. Mount and his personal Aide, Flt. Lieut. Miller, both of Burnside Air Training School.

Flt. Lieut. Mount complimented the boys on their appearance and the precision in which they performed their duties.

In a colorful ceremony the "en-sign," after being dedicated by the Rev. Dr. Fawcett, was presented to the squadron by Flt. Lieut. Eward, of No. 4 Training Centre, Calgary, who, in a short address, said the "en-sign" was presented for efficiency, and said it was symbolic of loyalty to the unit, to the King and to the country.

After the ceremony there was a march past, when Flt. Lieut. Mount took the salute.

The Officers, A. W. Reiber, E. Wiggins and C. McLaughlin, are to be complimented on the smart appearance of the squadron.

## Stock Streams With Loch Leven Trout

Game Warden Garfield Thompson was in town Tuesday with 150,000 Loch Leven trout fry which he was going to place in the rearing ponds at the Raving River.

Mr. Thompson said that the rearing ponds were proving very successful and that the fingerlings had attained a size of from 4 to 6 inches.

These will now be turned into the streams in the district.

## Local Airman Awarded D.F.M.

Fl. Sgt. (now P.O.) Lewis A. Spragg, who is with the R.C.A.F. overseas, is the first local boy to be cited for a decoration in the present war.

He has been awarded the Distinguished Flying Medal, D.F.M., and his name appears in a list of sixteen Canadian Airmen who were awarded decorations on Saturday.

The following citation accompanied the award:

"Fl. Sgt. Spragg has participated in a large number of operational sorties over heavily defended targets, including Turin and Genoa. During the whole of his operational career, he has displayed skill, courage and devotion to duty which have set an excellent example."

According to a letter received here recently, P.O. Spragg was also with two operational flights over Berlin.

P.O. Spragg is the son of Mr. Albert Spragg, who is a pioneer settler of the Burnsides district, east of Didsbury.

He was educated at Burnsides School and received his high school education at Didsbury and Hythe.

He enlisted in the R.C.A.F. in February 1941, and received his flying training at High River and No. 3 Calgary.

He went overseas in November of 1941 and was assigned as pilot in a bomber squadron.

The news of his having received this decoration and promotion is the source of gratification to his many friends here, and they wish him continued success in his career.

## Mountain View Council Meeting

The Mountain View Municipal Council met on Saturday last with Rev. Doid in the chair, and councillors A. Archer, Rupp, Khuon, Trimble and Metz present.

The topic of culverts and bridge repairs and the difficulty in obtaining timber received considerable attention. Fifteen treated culverts were ordered, also a carload of lumber.

It was stated that culverts would probably not be available until June, while timber could not be obtained until July, if at all.

The Calgary Power Co. asked permission to extend their lines the west side of 15. 3 31-5 from their main line so as to serve the Netlock Airport. Permission was granted.

The secretary reported that he had made application to the Dept. of Public Works for the repair of several bridges. A letter was presented stating that the matter had been referred to the district engineer for inspection.

Mr. Frank Campbell of Olds, was appointed weed inspector for the season.

Approval was given to two tax consolidations and accounts, and pay sheets were passed.

A. W. Ruth Persinger, who has completed her basic training at Rockcliffe, Ont., has been posted to No. 3 Service Flying Training School, Calgary. She was home on leave over the weekend.

## Didsbury Jottings

By A.C.T.

It is our face red? It's the Girl Guides, under the direction of Miss Margaret Hanson, who are tagging for the L.O.D.E. on Saturday, and not the C.G.I.T.

The following boys passed tests at the Scout Rally on Sunday, out at the "rocks". Tree-felling, second class cooking and fire lighting: Douglas Duran, Stanley Gole, Royden Moon, Billie Renzie, Lyndel Gochee. Cooking alone: Clifford Johnson, Don Davies and Arthur Janes."

Mr. Eldon Sherman bade farewell to the Scouts who presented him with a billfold engraved with the words "From the 1st Didsbury Troop". Mr. Sherman assured the boys it would always be one of his most precious possessions.

Supper, which comprised baked potatoes, steaks, beans, coffee and milk, was scheduled for five o'clock. The potatoes had been encased in mud and placed in the oven of hot coals for an hour or more previously. The steak was seared on the end of a pointed twig. Each member of the wolf pack had a piece of steak to cook. Believe it or not, the supper was butter for the baked potatoes, and although Mr. Haley forgot to bring the salt, nobody really missed it. The pot of beans, brought by Roydon Moon, filled up any odd empty corners. Once you peeled off the outer coat of mud from the potatoes, there was the inside just as white and fluffy as you could wish. The steaks were sizzled to a nice juicy brown, and although there was a faint suspicion of ashes here and there, it really wasn't enough to spoil the flavor.

Pictures were taken of the troop sitting on and around the largest rock.

Mr. Shermer will be glad to know that Don Mortimer has very kindly consented to take over the Scouts for the summer months.

Everyone who saw the presentation of the ensign to the Air Cadets, must be very proud of the cadets and their officers.

Sergeant Johnson was splendid.

Of course, the Flt. Lieut. with the medal and the moustache really stole the show. A medal or a moustache alone is news, but to have both -

## United Church Notes.

The minister will return from Conference to conduct services at all points on the Charge next Sunday, May 23rd. His subject will be "Where now is thy God?" a discussion of the important question of what the world expects of a Christian.

Last Sunday evening, after the evening service, a meeting of the three congregations of the Didsbury Charge issued a unanimous Call to the Rev. D. Whyte Smith, of Delburne, to become their Minister at the beginning of July. Mr. Smith has intimated his willingness to accept the Call.

## EARLY SUMMERFALLOW

Seedling will soon be completed and the farmer will have a short breathing spell from the arduous task of sowing his crop, particularly arduous and difficult this year because of lack of labour. If it can possibly be done, however, it certainly would be wise for those farmers who have land which is to be summerfallow to do the work as quickly as possible. Land summerfallow towards the end of May conserves much more moisture than summerfallow done later in the year. First the weather is cooler in May, and so less precious moisture is lost by evaporation when the land is ploughed or cultivated, and secondly early summerfallow gives a longer period during the summer for the soil to accumulate the summer rains which form the foundation for next year's crop.

The thought has been expressed that we may now be in a cycle of wet years, and that the preservation of moisture, therefore, does not matter so much. This, I suggest, is an entirely wrong view to take. The records of sixty past years clearly reveal that one or two drought years can occur at any time. No one can forecast the coming of either wet or dry years.

## ITEMS OF INTEREST IN THE WORLD OF FOODSTUFFS

Argentine corn losses are officially estimated at 60% with yields ranging from 4½ to 13½ bushels per acre—The German loaf is now said to be 72% rye, 24% barley and 4% potato flour, according to the British Minister of Agriculture: The wheat has been used since February 1st—Broomball reports famine conditions prevail over 20,000 square miles in the Honan Province of China.

Turkey and Spain both report better crops than last year—The U.S. War Production Board will allow farm machinery production to be increased from 23 to 40 percent of the 1941 level.

**Lone Pine Notes**

The May meeting of the Lone Pine W.I. was held at the home of Mrs. B. Woods, with sixteen members and eight visitors present.

Mrs. A. Jenkins resigned as Vice President, so Mrs. O. Bittner was elected by acclamation to fill in the vacancy.

Correspondence was read and discussed. Mrs. G. Hoggard won the May War Savings Certificate, and Mrs. Emily Ehret won the 10 cent draw.

The June meeting will be held at the home of Mrs. E. Hughes.

We extend our congratulations to P.O. Lewis Spragg, one of our own boys now overseas with the R.C.A., who was awarded the D.F.M. The news, which came over the radio Saturday, gave all his friends a thrill.

## KEEPING BRITAIN'S PORTS SAFE FOR SHIPPING:

Britain's Royal Defence Service has the vital task of safeguarding the entrances to supply ports. Its members fix and maintain the nets and steel cable guarding the harbour mouths against marauding submarines, torpedoes or fast surface craft. They also man the gate-ways at the boom "gateways" breached which are sealed at dusk.

Picture shows: The spherical floats from which the boom nets are suspended being paid out by men on a boom defence.

**Rebecca Activities**

On Wednesday, May 12th, six ladies met at the home of Mrs. George Wien. The afternoon was most profitably spent in cutting and sewing quilt blocks.

It was very bad roads the gathering was very small, and we would like to see everyone present for the next meeting which will be held at the home of Mrs. Ada Kagine, on Wednesday, June 16. Please note—During the busy spring and summer season, only one meeting a month will be held. Quilt blocks will be cut at the next meeting, so please bring scissors.

**Evangelical Church Notes**

Mrs. G. Eby will be the guest speaker on Sunday morning at 10:30 A.M. The E.L.C.E. will have charge of the evening service.

## Farmers Will Profit

Local committees of farmers have been set up nearly all over the prairie provinces to work out ways and means of more efficient farm production with less labor and equipment. They are asked to produce more meat, more milk, and everything else. We hope these committees will be permanent and not just for "the duration". Mixed farming requires special knowledge, skill and experience. The committees can serve as very useful links between the experienced farmer and other farmers, and also encourage the exchange of good ideas between farmers. This need not mean less wheat; but will enable us to produce as much on fewer acres.

In a recent issue of an Australian farm journal, the following editorial conclusion is made:

"The war is doing disturbing things to farming . . . Many, of course, are temporary expedients, not to be tolerated any longer than is necessary; others, however, should be admitted, represent long overdue advances in the industry."

"Most notable of these is the formation of *district agricultural committees*, in which must be recognized not merely a committee for finding a way through a crisis, but *machinery ideally suited to its needs in time of peace*."

These views apply with equal force to our prairie farms. Our own committees, with the assistance of professional agriculturalists, should, we think, play a major role in:

1. Zoning agricultural production in relation to soil, climate and probable markets.

2. Long-term soil conservation measures.

**THE STORY BEHIND MEAT RATIONING**

Food is a weapon of war, and we must share our supplies with those who are fighting to keep the war from our shores. After all special wartime demands are taken care of, only one half of the meat produced in Canada will be available for ordinary domestic consumption at home.

Meat supplies for our Armed Forces must be maintained at all costs.

Great Britain has to depend more and more on Canada for supplies to maintain even its present low ration rate of 28 cents worth of meat per person, per week.

Since the war started the consumption of meat by civilians has increased in Canada. Great defense projects such as the Alcan Highway and the Shiphaw Power Development have created new and large demands for meat in areas where practically no demand existed before.

Canned meat is required in large quantities by the Red Cross to send to our boys who are prisoners of war.

Places like Newfoundland and the West Indies, which previously secured their meat from other sources—must now depend to a great extent on Canada.

The many extra ships of the United Nations now calling at Canadian ports, must be furnished with meat.

**RATIONING IS INTELLIGENT FORESIGHT — INTELLIGENT PLANNING**

Coupon rationing is the only way of ensuring equal sharing of the meat available for civilian consumption in Canada. Those with lots of money will not get more than their share—and those with less money will be assured of getting their fair share.

Rationing will help prevent local meat shortages such as occurred last year from becoming widespread and continuous throughout the whole Dominion. The incentive for panic-buying which empties butcher shops early in the day, will be eliminated.

**THE MEAT RATION WILL BE AMPLE FOR HEALTH AND NUTRITION**

Fortunately, our meat production in Canada has increased. So, although only half our production will be available for civilian use, it will mean a reduction of only about 15% to 20% in the average household consumption.

The proposed ration of 2 lbs. (carcass weight) per person, per week, has been approved by the country's leading food and nutrition authorities, as ample for the health and nutrition standards of everyone—regardless of age or occupation.

DATES AND OTHER DETAILS REGARDING MEAT RATIONING—SOON TO  
BECOME EFFECTIVE IN CANADA—WILL BE ANNOUNCED LATER

This year thousands of farmers must pay income tax for the first time. Under such circumstances it is vitally important to maintain accurate records of farm costs and revenue, in order that income may be accurately determined.

The Royal Bank Farmers' Account Book is exactly what you need to keep accurate records of farm operations. It has been used by progressive farmers for years for just such a purpose. A copy is yours for the asking at any branch of the bank.

**WHEAT ACREAGE  
REDUCTION**

Farmers of the Prairie Provinces, including the Peace River and Creston areas of British Columbia, who desire to divert wheat acreage to the production of any other crops or to summerfallow in 1943, may claim payment for doing so.

**Payment of \$5.00 may be made for each acre by which the wheat seeded on any farm in 1943 is below that seeded on such farm in 1940.** If there was no wheat on a farm in 1940, but there was wheat in 1939, the 1939 acreages may be used instead of those of 1940. Any crops or summerfallow may be substituted for wheat, but payment will not be made on abandoned lands.

Payment on any farm is limited to an acreage of not greater than 80 of the total cultivated acreage of such farm.

To obtain payment farmers must make a sworn statement of claim immediately seeding is completed. They should plan to do so

**NOT LATER THAN JUNE 30th**

Any farmer who did not apply for Wheat Acreage Reduction payment in either 1941 or 1942 and intends to do so in 1943 must notify his municipality of his intention before May 31, and then make his claim after seeding.

Forms are available in the offices of the municipalities or direct from offices of the Wheat Acreage Reduction Administration in Winnipeg, Regina and Edmonton.

Statements of claims may be submitted to Municipal Offices or to Offices especially arranged to receive them in localities not served by municipalities. Delay in making claims should be avoided; they may be filed immediately seeding is completed. Persons having interests in farms as landlords may submit applications at once.
